

BRENNER Forge 800 Series Bench Top Gas Griddle NG with 3 burners - BREG8G-900N

Quick Overview

- **Reliable commercial ignition and control**
  -Heavy-duty pilot system for reliable commercial performance.
  -Independent pilot shut-off valve.
  -Battery-free piezo ignition.
  -Fast ignition with no prolonged knob holding.
  -Heavy-duty zinc alloy control knobs.
- **Safety and build**
  -Flame failure protection.
  -Heavy-duty stainless steel gas components.
  -Integrated flue improves heat and smoke ventilation.
- **Gas type â€” specify at order**
  -Available in Natural Gas (NG, code suffix N) or LPG (code suffix L). The gas type is built in, so order to match your site. ConsumptionÂ runs 34 MJ/h at 300mm up to 136 MJ/h at 1200mm. Gas equipment must be commissioned by an authorised technician.
- **Line-up installation**
  -Full 800mm commercial depth for greater cooking capacity and stability.
  -Uniform dimensions across the 800 Series for seamless line-up installation â€” griddles, char grills and cooktops sit level side by side.

Description

BRENNER Forge 800 Series Bench Top Gas Griddle NG with 3 burners - BREG8G-900N

The Brenner Forge 800 Series benchtop gas griddle is a commercial gas griddle built for continuous breakfast and burger service. Four widths — 300, 600, 900 and 1200mm — all share the full 800mm commercial depth, so any combination lines up flush across a bench.

Ignition is battery-free piezo, so there is nothing to flatten and nothing to replace. Fast ignition means no prolonged knob holding at the start of service.

Key Features

- **Reliable commercial ignition and control**
  -Heavy-duty pilot system for reliable commercial performance.
  -Independent pilot shut-off valve.
  -Battery-free piezo ignition.
  -Fast ignition with no prolonged knob holding.
  -Heavy-duty zinc alloy control knobs.
- **Safety and build**
  -Flame failure protection.
  -Heavy-duty stainless steel gas components.
  -Integrated flue improves heat and smoke ventilation.
