

Benchstar 1800W 17L Scan & Go Commercial Microwave - MD-1800

Quick Overview

- **Scan to cook** â€“ Scan the foodâ€™s barcode and start with one button â€” the oven automatically selects the correct cooking program and cooks to the best result.
- **Scan to program** â€“ Staff can set cooking programs by â€œeasy scanâ€, with no manual programming required.
- **Self-service, time & labour saving** â€“ Scan the barcode and kick off automatic settings â€” saving both your staffâ€™s time and your customersâ€™. Ideal for convenience stores and service stations.
- **FlashTune management** â€“ Change built-in auto menus freely, edit stage cooking intuitively and set up the machine directly on PC/Mac. USB menu upload and software updates.
- **100 cooking programs** â€“ Stores up to 100 cooking programs, with 5 microwave power levels and 3 cooking stages.
- **Twin magnetrons** â€“ Twin magnetrons for even cooking performance; 1800 W microwave power.
- **Flatbed cavity** â€“ Flatbed 17 L cavity with no turntable â€” internal dimensions 330 Ã— 310 Ã— 175 mm (W Ã— D Ã— H).
- **Heavy-duty construction** â€“ Heavy-duty commercial stainless steel construction.
- **Stackable** â€“ Stackable design (up to 2 units) to save bench space.
- **Electrical** â€“ 240V, 1800W/15A.

Description

Benchstar 1800W 17L Scan & Go Commercial Microwave - MD-1800

Scan the barcode, press Start, serve. The Benchstar MD-1800 Scan & Go Commercial Microwave is designed for cafés, convenience

stores, service stations and quick service restaurants across Australia that need fast, consistent results with no manual programming.

Barcode cooking technology automatically selects the correct cooking program for each product, so every staff member — or your customer at a self-service station — gets the same result with one button. Twin magnetrons, a 17 L flatbed stainless steel cavity with no turntable and 1800 W of power handle heavy-duty commercial use.
