

BRENNER Forge 800 Series Char Grill Top NG with 1 burner - BREG8C-300N

Quick Overview

- **Even heat across the grill**
  -U-shaped burners provide even heat distribution across the cooking surface.
  -Full 800mm commercial depth for greater cooking capacity and stability.
- **Reliable commercial ignition and control**
  -Heavy-duty pilot system for reliable commercial performance.
  -Independent pilot shut-off valve.
  -Battery-free piezo ignition.
  -Fast ignition with no prolonged knob holding.
  -Heavy-duty zinc alloy control knobs.
- **Safety and build**
  -Flame failure protection.
  -Heavy-duty stainless steel gas components.
- **Service and maintenance**
  -Service-friendly design for reduced maintenance.
- **Gas type â€” specify at order**
  Available in Natural Gas (NG) or LPG at the same output: 30 MJ/h at 300mm, 60 MJ/h at 600mm, 90 MJ/h at 900mm and 120 MJ/h at 1200mm. Gas equipment must be commissioned by an authorizedÂ technician.

Description

BRENNER Forge 800 Series Char Grill Top NG with 1 burner - BREG8C-300N

The Brenner Forge 800 Series gas char grill top is a commercial gas char grill for steak, chicken and vegetable work where char marks and even surface heat matter. U-shaped burners spread heat evenly across the cooking surface instead of leaving hot and cold bands.

It comes in 300, 600, 900 and 1200mm widths on the same 800mm commercial depth as the rest of the 800 Series, so a char grill, griddle and cooktop line up flush.

Key Features

- **Even heat across the grill**
  -U-shaped burners provide even heat distribution across the cooking surface.
  -Full 800mm commercial depth for greater cooking capacity and stability.
- **Reliable commercial ignition and control**
  -Heavy-duty pilot system for reliable commercial performance.
  -Independent pilot shut-off valve.
