

Thermaster Promotion Showcase wit h Door - PDK-1360D

Quick Overview

- Ventilated cooling system
- Electric defrost prevents ice buildup for efficient performance.
- Digital controller for precise temperature regulation with easy operation.
- Energy-efficient LED lights for clear product display
- Embraco compressor provides reliable cooling power with optimal efficiency
- R290 Natural Refrigerant
- Copper finned evaporator & condenser enhances heat exchange and durability
- 4 Lockable castors for easy mobility with secure positioning
- Ideal for beverages, vegetables, bagged bread, etc., to be stored
- Glass display - stylish and functional for product visibility
- PDK-1360D single tempered glass sliding door design helps reduce cold air loss and lower energy consumption
- PDK-1360 open display design maximizes accessibility and product exposure
- Assembly design of stainless-steel circumferential anti-collision strips
- Design of ventilation holes around the fuselage optimizes airflow for better cooling.

Description

Thermaster Promotion Showcase- PDK-1360

Upgrade your refrigeration experience with the high-efficiency, eco-friendly, and reliable Promotion Showcase!

This product is designed for long-lasting reliability and is ideal for storing beverages, vegetables, bagged bread, and other food items. The Promotion Showcase offers two options: the PDK-1360D single tempered glass sliding door design or the PDK-1360 open display design, catering to different needs.

Key Features

- Ventilated cooling system
- Electric defrost prevents ice buildup for efficient performance.
- Digital controller for precise temperature regulation with easy operation.
- Energy-efficient LED lights for clear product display
- Embraco compressor provides reliable cooling power with optimal efficiency
- R290 Natural Refrigerant

- Copper finned evaporator & condenser enhances heat exchange and durability
- 4 Lockable castors for easy mobility with secure positioning
- Ideal for beverages, vegetables, bagged bread, etc., to be stored
- Glass display - stylish and functional for product visibility
- PDK-1360D single tempered glass sliding door design helps reduce cold air loss and lower energy consumption
- PDK-1360 open display design maximizes accessibility and product exposure
- Assembly design of stainless-steel circumferential anti-collision strips
- Design of ventilation holes around the fuselage optimizes airflow for better cooling.

Additional Information

- Dimension (WxDxH mm): 1360x1095x930
- Temperature Range: 1~7
- Ambient/RH%: 25℃/60%RH
- Door: 2
