2 Shelf Square Glass Roller Shutter

2 Shelf Drop-in Refrigerated Display with Square Glass and Roller Shutter

Chilled display units incorporating a cold well and 2 glass display shelves. The unique Versigen innovative “Polar Air Stream” system provides a constant, recirculating cold air curtain completely enveloping the food displayed. Holding pre-chilled food at a safe, regulated temperature while retaining taste and freshness. Perfect for sandwiches, fruit, yogurts and cold drinks. Self-contained units with accurate, digital control, automatic defrost, high pressure warning and automatic condensate evaporation. The Refrigeration System is housed underneath in a tidy, compact cradle. Utilising a highly efficient, naturally occurring, hermetically sealed, hydrocarbon gas type R290 as standard - reducing carbon footprint and energy consumption.

Features
Condensing unit set at 90°. Removes the need for unsightly vents in the front panels of serveries and counters.
Digital thermostat & temperature controller.
Sliding rear double glazed doors.
Advanced air flow design with unique polar airstream technology.
Controls conveniently positioned in the gantry hood.
Efficient, ozone friendly hydrocarbon refrigeration.
Long life, low energy LED.
Maintaining the core product temperature of pre-chilled food below 5°C in ambient condition not exceeding 25°C and 60% relative humidity.
Automatic condensate water evaporation [no need to empty drip trays).
Automatic defrost control.
24 hour operation.
Fully insulated.
Plenum duct to aid onsite ventilation and installation.

Optional Extras
Additional air flow kit [In-line fan and flexi ductkit for difficult non-standard installations] (Code: DRA)
Front Roller Blind (add “RB” to end of model code)

Model Specifications

Model	Length	Depth	Height	Weight	Amp	Power (kW)
D2RDLSA	830	660	645	119	10	1.5
D3RDLSA	1158	660	645	140	10	1.5
D4RDLSA	1486	660	645	158	10	2.0
D5RDLSA	1814	660	645	179	10	2.5
