2 Shelf Curved Glass Open Front

2 Shelf Drop-in Refrigerated Display with Curved Glass and Open Front

Chilled display units incorporating a cold well and 2 glass display shelves. The unique Versigen innovative “Polar Air Stream” system provides a constant, recirculating cold air curtain completely enveloping the food displayed. Holding pre-chilled food at a safe, regulated temperature while retaining taste and freshness. Perfect for sandwiches, fruit, yogurts and cold drinks. Self-contained units with accurate, digital control, automatic defrost, high pressure warning and automatic condensate evaporation. The Refrigeration System is housed underneath in a tidy, compact cradle. Utilising a highly efficient, naturally occurring, hermetically sealed, hydrocarbon gas type R290 as standard - reducing carbon footprint and energy consumption.

Features
Condensing unit set at 90°. Removes the need for unsightly vents in the front panels of serveries and counters.
Digital thermostat & temperature controller.
Sliding rear double glazed doors.
Advanced air flow design with unique polar airstream technology.
Controls conveniently positioned in the gantry hood.
Efficient, ozone friendly hydrocarbon refrigeration.
Long life, low energy LED.
Maintaining the core product temperature of pre-chilled food below 5°C in ambient condition not exceeding 25°C and 60% relative humidity.
Automatic condensate water evaporation [no need to empty drip trays).
Automatic defrost control.
24 hour operation.
Fully insulated.
Plenum duct to aid onsite ventilation and installation.

Optional Extras
Additional air flow kit [In-line fan and flexi ductkit for difficult non-standard installations] (Code: DRA)
Front Roller Blind (add “RB” to end of model code)

Model Specifications

Model	Length	Depth	Height	Weight	Amp	Power (kW)
D2RDL	830	660	540	114	10	1.5
D3RDL	1158	660	540	134	10	1.5
D4RDL	1486	660	540	151	10	2.0
D5RDL	1814	660	540	171	10	2.5
