TekTone SF133GK

Gasket Kit for SF133A Water-Resistant Emergency Pull-Cord Station

Description

The SF133GK Gasket Kit is designed for use with the SF133A Water-Resistant Emergency Pull-Cord Station. It must be installed with the SF133A when the station is used in humid or wet locations to provide a proper seal.

TekTone SF133GK
Gasket Kit for SF133A Water-Resistant Emergency Pull-Cord Station

Features

- Provides a proper seal for the SF133A in wet or humid locations.
- Designed specifically for the SF133A Water-Resistant Emergency Pull-Cord Station.
